The Committee discussed Steffes request to change the name of Bluegrass Road back to 235th Street. The City changed the name in January of 2015 and the GPS system doesn't recognize the new street name. The Committee suggested using both addresses with signage but keeping official name Bluegrass Road.

Jim informed the Committee that it is possible to let the bid in two divisions that would cost more and push the project back to April bid letting. Jim informed the Committee that he has spoken with couple contractors and they would prefer doing the Jefferson street section in Spring. The Committee directed Jim to go with Jefferson street in Spring and keep the January bid letting.

Larry Brenizer requested the large storm water culvert on Main Street be enlarged. The Committee took no action.

The Committee recommended not selling the Grand Avenue right of way as requested by Anna Pickle.

Meeting adjourned.
