NOTICE

This permit becomes null and void if authorized work is not commenced within 180 days, if work is suspended or abandoned for a period of 180 days at any time after work is commenced, or if a project is not completed within two years.

I certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with, whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating electrical installations or the performance of of electrical installations.

For an inspection, call (319) 385-1474. Inspections are required for all work that requires a permit before energizing, concealing, and when complete. Inspections must be scheduled 24hrs in advance. If city cannot inspect within 24hrs, work may be concealed/energized ONLY IF PERFORMED BY A LICENSED ELECTRICAL CONTRACTOR. Work must comply with applicable codes, whether or not it was inspected.
