Streets Committee
October 29, 2024
4:00 PM

Present: Kent White, Steve Engberg, Kevin Glaha, Brent Schleisman, Rick Mullin, Drew Schumacher, Jim Warner, Nathan Lucas, Shelbi Swinscoe, John Hendrikson, Mike Hampton, Melinda Huisinga

Absent: Mayor Steve Brimhall

John Hendrikson, Superintendent of Mount Pleasant Community School District requested the City consider making the S Grand Ave & Harvest Drive intersection a 4-way permanent stop sign. This will help with the safety for those going to and from the high school and protect the pedestrian/rec trail crossing at this intersection. The Committee approved the request.

The Committee reviewed the Preliminary Planning Engineering Service Agreement for South Cherry & South Wilson Street presented by Jim Warner. The Committee recommended hiring an engineering firm to collect information on the proposed project to provide the Committee with more information of the cost & time allotment this project would require.

The Committee discussed the Winfield Ave reconstruction project. Jim Warner informed the Committee that Winfield Ave would be reconstructed from N Grand Ave to N Broadway Street. The City received a grant for $1.8 million and $600,000 from the county to use on the project. Jim informed the Committee that the Rec Trail would run along the south side of Winfield Ave, and that the ditches would remain at a mow able grade.

The Committee discussed the on-going street projects. Jim informed the committee that crews are still working on Saunders St. and have started working on driveway approaches. Kent White, Chairman reported that the alley between Home Furniture and the Fire Department is complete and looks great. Brent & Jim informed the committee that they are working on getting sewer easements for homes between W Washington Street and W Monroe Street.

The Committee heard from a resident on West Race Street about his concerns about the condition of W. Race and where it would fall on the schedule of being repaired.
