ABSENT:

The Committee reviewed Draft 2 of the FYE27 Budget.

The Committee discussed the proposal from Public Works to purchase a snow box blade. The Committee recommended the purchase at an estimated cost of \$18,700.00 from REXCO Equipment, Burlington IA.

Anthony Blint, Fire Chief, explained to the Committee that there was a new National Reporting System required if the Fire Department wanted to apply for Federal and State grants. A report is required for each call and now takes approximately 18-20 minutes instead of 5 minutes. The Committee will continue discussion of reporting requirements and possible action.
